

Subpart 101-35.6—Delegation of GSA's Multiyear Contracting Authority for Telecommunications Resources

§ 101-35.600 Scope of subpart.

This subpart discusses the delegation of GSA's multiyear contracting authority to executive agencies.

§ 101-35.601 General.

Executive agencies are authorized to enter into multiyear contracts for telecommunications resources subject to the following conditions:

(a) The agency shall notify GSA/T prior to using GSA's multiyear contracting authority.

(b) The contract life including options, shall not exceed 10 years.

(c) Agencies shall comply with OMB budget and accounting procedures relating to appropriated funds.

Subpart 101-35.7—Network Address Registration

SOURCE: 64 FR 32198, June 16, 1999, unless otherwise noted.

§ 101-35.705 What does this subpart contain?

This subpart addresses registration services provided by GSA to Government agencies and the public.

§ 101-35.710 What registration services are available through GSA?

(a) The National Institute of Standards and Technology (NIST), Department of Commerce, has designated GSA as the Government Open Systems Interconnection Profile (GOSIP) Address Registration Authority for unique naming assignments of X.400 Private Management Domains (PRMD), X.500 Organizational Units (OU), and Network Service Access Point (NSAP) Administrative Authority Identifiers (AAI). GOSIP registration is limited to Government agencies, with the exception of NSAP AAI, which may be used by commercial organizations to iden-

tify private asynchronous transfer mode (ATM) networks.

(b) For purposes of global interoperability, GSA will operate an X.500/LDAP Directory Service at the "C=US" level and at the "O=U.S. Government" level. Federal agencies may link operational directories to the "O=U.S. Government" level and commercial organizations may link to the "C=US" level in accordance with the fees set forth in § 101-35.704.

(c) The National Science Foundation (NSF) has delegated to GSA the authority to manage and administer the .GOV Internet domain. GSA provides second-level domain registrations in the GOV domain (e.g., <Agency>.gov). Similarly, GSA provides third-level domain registrations in the "fed.us" domain under authority of the Internet Assigned Numbers Authority (IANA). Internet registration services are limited to Federal, State, and local Government organizations. GSA is not responsible for and will not charge fees for any further delegation of a domain name assigned to an agency. For example, the U.S. Department of the Treasury has registered "ustreas.gov," but registrations such as "irs.ustreas.gov" would be the responsibility of the domain manager for Treasury.

§ 101-35.715 Who should I contact for more information or to register?

Individuals or organizations that want to register or would like more information should contact the registration officials at GSA by sending an e-mail message to registration@fed.gov or by using the Web site at <http://www.nic.gov>.

§ 101-35.720 Is there a fee for these services?

GSA will assess Government agencies and commercial organizations nominal fees to cover the cost of registration and other services as listed in the table in this section. The fees are based on anticipated costs for providing the services and are consistent with industry charges. The table follows:

Service	Setup	Recurring (annual)
(a) Network Naming and Address Registration (GOSIP)	\$1,000.00	\$500.00
(b) Governmentwide Directory Operation (X.500/LDAP)	1,000.00	500.00
